Make Your Own Browser Gold is one of the most versatile and unique browser themes for users who seek to customize the look and functionality of their web browsers. The interface is filled with beautiful options and settings that allow you to change fonts, backgrounds and icons, as well as adjust all the settings according to your needs. The best thing about Make Your Own Browser Gold is that it is very easy to use and even novice users will not have a hard time grasping the interface and adjusting the settings. This application does not just come packed with great features but it also makes use of Google Fonts, so you can ensure a smooth browsing experience by choosing the right fonts. Each web browser tab is separated and is placed on the side of the main browser window. So, you can see each tab at once and easily switch between them. A favorites manager lets you save frequently visited web pages to your hard drive so you can quickly and easily return to them without having to manually type them down each time. All the tabs are divided into two sections: The first one will be organized into eight categories (News, Finance, Weather, Travel, Entertainment, Movies, Social Networking, and Shopping) and you can add any web site to any of these categories by simply typing its address and clicking on the respective icon. The second section will be organized into 10 categories: Bookmarks, Downloads, History, Hot Sites, Readers, Statistics, Speed, Toolbar, User Interface and Utilities. The tabs are easy to switch between and it is also possible to drag and drop them anywhere on the main window. Each tab has its own icon, but you can customize its background and text color. Additionally, you can change the text font and choose from a variety of the available Google Fonts. You can also set up the toolbar that will have all the commonly used buttons. To open up your favorites you just have to type in the desired address. Make Your Own Browser Gold supports both the latest and older versions of the most popular web browsers (Firefox, Chrome, Safari, Opera, Internet Explorer and Maxthon) and includes an application icon that allows you to easily launch the application. Make Your Own Browser Gold is absolutely free for download and it can be installed on Windows 7, Windows 8 and Windows XP systems.
