Site Privacy Policy · Site Terms · Site FeedbackQ: TextView to uiview for email I'm using a UITextField as a input for an email when the user clicks on send. I have the email working fine. I'm trying to convert the users text to uiview so they can edit it and the email still shows as an html formatted email. How can I make this happen? My current code is below.
[textView setReturnKeyType:UIReturnKeyGo]; [textView setEditable:NO]; [textView setFont:[UIFont boldSystemFontOfSize:25.0]]; [textView setPlaceholder:@"Text from app"]; [textView setTextColor:[UIColor redColor]]; textView.keyboardType = UIKeyboardTypeEmailAddress; textView.autocapitalizationType = UITextAutocapitalizationTypeNone; textView.aut b7e8fdf5c8

Batch Image To PDF Free

Batch Image To PDF is a straightforward software utility capable of creating PDF documents from a wide array of image formats such as JPG, JPEG, PNG, BMP, GIF and ICO. It comes packed with standard settings that can be adjusted by all types of users, regardless of their skill level. The setup operation is done quickly and with minimal effort on the user's behalf. The app's interface is represented by a normal window with a clean structure, where images can be added to the list using either the file browser, folder view or drag-and-drop function. As the name says, batch processing is supported, which means you can convert multiple image files at the same time to reduce overall task duration. The list of entries shows the full source path, destination name and format, along with the status for each file. Once you establish the output directory, you can start the conversion procedure with a mouse's click. Encoding jobs are completed shortly while Batch Image To PDF uses moderate CPU and RAM, so it should not affect the overall performance of the PC. Images are preserved with good quality in the PDF files. We have not come across any kind of issues throughout our testing, as the program did not hang, crash or pop up error messages. When it comes down to it, Batch Image To PDF offers a very simple solution to creating PDF documents from various image file types, and it should please all users looking for a straightforward app for this task. Batch Image To PDF is a straightforward software utility capable of creating PDF documents from a wide array of image formats such as JPG, JPEG, PNG, BMP, GIF and ICO.
