As in previous versions of the game, gameplay takes place across more than a dozen locations; players can run with the ball, pass and shoot from different positions within a variety of soccer situations, including: offense, defense, midfield and goalkeeper. "We're the masters of miniaturizing authentic football," said Steven Nateman, Executive Producer. "With this technology, we can capture and recreate the relentless speed and physicality of the real game in an entirely new way." Fifa 22 Product Key also introduces a new "My Team" system, which enables fans to customize player traits, formations and kits using a football-like playbook. This new element of gameplay allows players to transform how they play based on the opposition and current situation, utilizing on-field tactics to score a crucial goal or defend a dangerous attack. FIFA is the world's #1 football video game, played by millions of fans around the world every year. It has been downloaded over 700 million times and has sold more than 400 million units worldwide. FIFA is a team sport like no other, played completely on foot and relying on a wide variety of skills to unlock and master the world's greatest footballers. The game allows up to 32 players to join forces on the pitch, manage their football squads and, of course, compete on the pitch for the glory. But while FIFA is an authentic football experience, it's also a game that you can play, share and love in lots of different ways. You can create, share and share some more. You can set up fantasy teams, train up your men and even take them on the pitch in a Head-to-Head game against your friends. For the first time ever, FIFA on consoles can be played like a real-life football game thanks to brand-new features which let you use the console's motion-based controls. FIFA is very different. There is no Story Mode, no predetermined outcomes and no predetermined tactics. You'll play as one of 5 completely different national teams, each with their own playing style, characteristics, formations, playbooks and more. • • • • • • New Features Tactics for clubs Hire new coaches, scouts and give them the funds to improve their squads. Change all kinds of tactics, from the player and tactics alignments right down to the play style. The new Club Progression update allows you to take control of your club and influence the development of your players. Coaches Improve your players' physical and tactical attributes with real-life coaches from around the world, including Diego Simeone, Unai Emery and Pep Guardiola. Introducing "Coaches". Take charge of your favourite club and manage the stadium, training facilities and finances to identify and cultivate the best talent. Matchday How you will build the best starting XI. Test your Ultimate Team creation skills as you build a dedicated team of your favourite players, all while trading, buying, selling and managing your Fantasy Football team. Customise your squad, buy and sell star players and compete online in daily Challenges to earn trophies and rise to the top of the global rankings. Seasons - In Seasons, you develop a player from youth to experience, before taking them through their career. Choose to start your player at various ages and a host of quality leagues throughout the world. As your player learns their trade and becomes the best in the world, you'll face tough challenges to determine who is the best in FIFA. Features: Be the best in FIFA with an all new gameplay engine - Every experience in FIFA 22 is better than any FIFA game before, and the enhanced Dribbling and Skill Moves give you new ways to play the game. Dribble in style with your trademark spin, swerve, or follow-up move - like a new ball control feature for precise, touch-level dribbling. Lock and unlock the controls with your On and Off the Ball options to find the control scheme that's right for you. New First Touch Control - Use a combination of buttons to successfully take control of the ball. Now, the first touch is the most important touch and it's all up to you to control the ball. Player to Player - Now you can send the ball into a specific player, and other players can send the ball to a specific player to build your team. Off The Ball - Off the Ball options let you react to your surroundings and other players and modify your On the Ball options to enhance your game. You can now spin or tuck the ball, or tuck your body in to stay out of range of a defender. Whether you're playing on PS3 or PS4, or planning a real-world adventure, we've made sure you're fully immersed in FIFA. Improved Player Retreat Motion - Retreating is your biggest source of defensive integrity. Go low to protect the back, or high to break free. You can now push and shield the ball with the new "Mash" feature. Improved Player Sensitivity - On and off the ball movements are more sensitive. If you were to start and stop quickly you would lose contact with the ball. We've also made running a lot more responsive. Now you can really run with

FIFA (for “Federation Internationale de Football Association”) is the most popular soccer simulation in the world, bringing you deep gameplay, an authentic atmosphere and the most authentic team and player on the pitch experience. Experience every moment as it happens in FIFA, including the ability to control the flow of play with passing and shooting game mechanics. What's New In FIFA 22? The “Powered by Football™” name represents the complete and full implementation of the new feature set in this year’s game, across all modes: The Lightweight Engine: In FIFA 22, we have enabled new features to reduce the required memory footprint on your device to give you a more streamlined and fluid game experience. Also, performance is improved. Pro\_Direct Control: The FIFA experience has never been richer, more immersive or more intuitive. We’ve added this to the game completely new way of control, pro\_direct, this is the control method we suggest and guide you to achieve the best performance in your game. Mass Customisation: We have added new colour settings to give you more options to choose your preferred settings and tweak the look of your favourite football clubs. In 2-Player Co-Op: The most popular game mode, namely “Be A Pro” is now available in 2-player Co-Op for the first time. All-New Grass Engine: With the introduction of the Grass Engine, FIFA 22 will feature improved lighting and shadows, and will be more detailed than ever before. In FIFA 22, all the visible blades, logos and other grass items will be more identifiable. All the complex shadows are now rendered much more realistically and more consistently, making light more readable and shadows more smooth. Improved Animation: The most beloved football players will improve their animations when in possession, using more body parts and creating more realistic expressions and movements. The replays will give a better look at the match in specific moments through rewinds or better. The crowd will react more appropriately when scoring a goal or being shown a red card. New crowd reactions: • NEW REACTIONS: The crowd will react more appropriately when being involved in a goal, being shown a red card or in certain game moments. • INCREDIBLE CUSTOMISATION: The new crowd reactions will come with a dynamic and customizable visualisation style. • REAL EFF
