---

**System Requirements:**

Technical Requirements: SteamOS Mouse and Keyboard Full-size Keyboard recommended Some Vertical Space to Move Linux (tested with Ubuntu 17.04) Tested on a two-month old 27" Late 2016 iMac with Radeon Pro 560 with 16 GB of RAM. I'm not a hardcore gamer but I'm interested in exploring a smaller form factor and liked this model on the pre-order page. Initial impressions are good. Being able to escape the Apple ecosystem is one thing and to be able to
